HTICI and the HTICI Group

HTICI is an exempted company incorporated in the Cayman Islands with limited liability. HTICI is an investment holding company and the HTICI Group is engaged in the following principal activities: (a) the construction machinery business, serving primarily the construction sector in Hong Kong. The business include: (i) rental of construction machinery; (ii) trading of construction machinery and spare parts; and (iii) provision of machinery transportation services; and (b) the provision of financial services, conducting: (i) Type 1 (dealing in securities), Type 2 (dealing in futures contracts), Type 4 (advising on securities) and Type 9 (asset management) regulated activities under the Securities and Futures Ordinance (Cap. 571); (ii) money lending activities; and (iii) brokerage of general insurance and long term (including linked long term) insurance.

REASONS FOR AND BENEFITS OF THE SHARE SWAP

In December 2018, the HTICI Group completed the acquisition of a new line of business in the financial service sector to diversify its business with a view to broadening source of income. One of the development strategy of the HTICI Group is to increase its presence in the financial market in Hong Kong and the Mainland China by organic growth or working with reputable partners and the Share Swap is in line with the existing strategy of HTICI.

In view of the expertise and resources of Oshidori in the financial service sector, it is believed that the Share Swap will be conducive to the development of the financial services of HTICI. The Share Swap will allow HTICI and Oshidori to become strategic alliance

which would bring in synergy in sharing of expertise and resources in the financial services industry to get through the challenging year of Hong Kong, for instance, (i) identify and implement projects that are of mutual interest to both parties; (ii) exchange and refer business opportunities as the parties think appropriate; and (iii) share market intelligence for the benefit and risk management of the parties' businesses. Moreover, based on the net asset value of approximately HK\$1.062 per Oshidori Share, the subscription price for the Consideration Shares represents a discount of approximately HK\$0.362 to the net asset value per Oshidori Share as at 31 December 2019, which could imply an investment potential of such Oshidori Shares.

As the Subscription Shares will be exchanged for the Consideration Shares and no cash consideration would be paid, HTICI Group's internal financial resources would not be reduced. It is expected that both the total assets and net assets of the HTICI Group and the HTD Group will be increased subsequent to the Completion. Upon issue and allotment of the Subscription Shares at Completion, HTICI will be held as to 62.63% by HTD and HTICI will remain a subsidiary of HTD and its financial results will continue to be consolidated in that of the HTD Group. It is expected that no gain or loss will be recorded by the HTD Group from the deemed disposal.

Having considered the above reasons, each of the board of HTD and the board of HTICI consider that the terms and conditions of the Share Swap Agreement are fair and reasonable and are in the interests of their respective shareholders as a whole.

LISTING RULES IMPLICATIONS

For each of HTD and HTICI, as one or more than one of the percentage ratios applicable to each of HTD and HTICI in respect of the Share Swap exceed 5% but are all less than 25%, the transactions contemplated under the Share Swap Agreement therefore subject to the reporting and announcement requirements under Chapter 14 of the Listing Rules.
