LETTER FROM THE BOARD

INFORMATION ON THE VENDOR

Vendor A, a company incorporated in the British Virgin Islands with limited liability and a direct wholly-owned subsidiary of Chinney Development, is principally engaged in investment holding.

REASONS AND BENEFITS FOR THE ACQUISITIONS

Hon Kwok Group's corporate strategy is to develop real estate properties for sale, hold investment properties for rental income as well as acquire and enhance value of completed properties at prime location for profit should opportunities arise. The Property, being a completed 15-storey commercial and office building with a gross floor area of approximately 11,507 square metres, is situated at Yuexiu District which is a traditional downtown city in Guangzhou.

The Property was originally owned by Vendor A and Vendor B jointly. Given that the Second Acquisition from Vendor B has been completed on 3 June 2016, the First Acquisition from Vendor A represents a unique opportunity for Hon Kwok Group to acquire, consolidate and combine the entire equity interests of the Property so as to release the intrinsic value of the Property which is in line with the corporate strategy of Hon Kwok Group. In addition, Hon Kwok Group currently has several property development and investment projects in Guangzhou and therefore should the First Acquisition be completed, Hon Kwok Group could utilize its existing resources in Guangzhou on the management of the Property more economically. For example, Hon Kwok Group intends to deploy its design team in Guangzhou to undergo a renovation program to the Property in order to enhance the appearance of the building, which could ultimately increase the Property's rental income and market value. The cost of the renovation program is currently estimated to be approximately HK\$10 million.

The Directors are of the view that the terms of the First Agreement (and the transactions contemplated thereunder) are on normal commercial terms and in the ordinary and usual course of business of the Company, and that of the First Acquisition are fair and reasonable and in the interests of the Company and the Shareholders as a whole.

LISTING RULES IMPLICATIONS

As one of the applicable percentage ratios for the First Acquisition exceeds 5% but all of them are less than 25%, the First Acquisition constitutes a discloseable transaction of the Company and is subject to the reporting and announcement requirements under Chapter 14 of the Listing Rules.

Vendor A is a connected person of the Company by virtue of the fact that it is wholly-owned by Chinney Development which is a company controlled by Dr. James Sai-Wing Wong, the Chairman and substantial shareholder of the Company. Accordingly, the First Acquisition also constitutes a connected transaction of the Company and is subject to the reporting, announcement and approval by the Independent Shareholders under Chapter 14A of the Listing Rules.

Dr. James Sai-Wing Wong and his associates are required to abstain from voting in respect of the resolution approving the First Acquisition at the EGM. Save as aforementioned, to the best of the knowledge, information and belief of the Directors having made all reasonable enquiry, no other Shareholder has a material interest in the First Acquisition and therefore no other Shareholder is required to abstain from voting at the EGM.

A form of proxy for use at the EGM is enclosed. LETTER FROM KGI

PRINCIPAL FACTORS TAKEN INTO ACCOUNT

In arriving at our opinions and recommendations to the Independent Board Committee and the Independent Shareholders in respect of the First Acquisition, we have considered the principal factors and reasons set out below:

I. Background and Reasons for the First Acquisition

The Company is an investment holding company. The Group is mainly engaged in garment manufacturing and trading and general investment.

Hon Kwok is an investment holding company and Hon Kwok Group is mainly engaged in property development, property investment and property related business.

On 9 May 2016, the Purchaser, an indirect wholly-owned subsidiary of Hon Kwok, entered into the First Agreement with Vendor A, for the acquisition of the entire issued share capital of Target Company A and the assignment of related shareholder's loan to the Purchaser for an aggregate cash consideration of HK\$68,795,000.

As stated in the Board Letter, Right Cheer is an investment holding company and directly holds the entire equity interest of the PRC Company. Each of Target Company A and Target Company B holds 50% of the issued share capital of Right Cheer. The principal asset of the PRC Company is the Property. The Property is a completed 15-storey commercial and office building situated at No. 151 Jiefang Road South, Yuexiu District, Guangzhou, Guangdong Province, PRC and known as Jie Fang Building with a gross floor area of approximately 11,507 square meters. As confirmed by the management of the Company, the Property is currently leased out for rental income with occupancy rate of approximately 27.5%. The market value of the Property as at 31 March 2016 was RMB176,000,000 (equivalent to approximately HK\$210,778,000) based on the valuation by Savills. The Property is currently mortgaged to a bank and the outstanding mortgage loan amount as at 31 March 2016 was approximately RMB23,582,000 (equivalent to approximately HK\$28,242,000). As at 31 March 2016, the unaudited consolidated net assets of the Target Group (which has already taken into account of the revaluation of the Property) was approximately HK\$138,194,000 and the amount of related shareholders' loans was HK\$9,359,998.

As stated in the Board Letter, Hon Kwok Group's corporate strategy is to develop real estate properties for sale, hold investment properties for rental income as well as acquire and enhance value of completed properties at prime location for profit should opportunities arise. The Property, being a completed 15-storey commercial and office building with a gross floor area of approximately 11,507 square metres, is situated at Yuexiu District which is a traditional downtown city in Guangzhou.

LETTER FROM KGI

The Property was originally owned by Vendor A and Vendor B jointly. Given that the Second Acquisition from Vendor B has been completed on 3 June 2016, the First Acquisition from Vendor A represents a unique opportunity for the Group to acquire, consolidate and combine the entire equity interests of the Property so as to release the intrinsic value of the Property which is in line with the corporate strategy of Hon Kwok's Group. In addition, Hon Kwok Group currently has several property development and investment projects in Guangzhou and therefore should the First Acquisition be completed, Hon Kwok Group could utilize its existing resources in Guangzhou on the management of the Property more economically. For example, Hon Kwok Group intends to deploy its design team in Guangzhou to undergo a renovation program to the Property in order to enhance the appearance of the building, which could ultimately increase the Property's rental income and market value. The cost of the renovation program is currently estimated to be approximately HK\$10 million.

II. Terms of the First Acquisition

Pursuant to the First Agreement, the Purchaser has conditionally agreed to acquire and Vendor A has conditionally agreed to sell the entire issued share capital of Target Company A and the assignment of related shareholder's loan of HK\$4,679,999 to the Purchaser.

THE FIRST AGREEMENT

Date: 9 May 2016

Parties: (a) Purchaser: True Light Enterprises Limited, an indirect wholly-owned subsidiary of Hon Kwok

(b) Vendor A: Rich Fate Limited

Consideration and Payment Terms

As stated in the Board Letter, the aggregate cash consideration for the First Acquisition is HK\$68,795,000, which is determined by reference to the unaudited consolidated net assets of the Target Group, together with the shareholder's loan as at 31 March 2016. The above consideration, net of PRC Tax which Vendor A is required to pay in connection with the sale of the entire issued capital of Target Company A, was agreed at after arm's length negotiations between the parties.

The aggregate cash consideration of HK\$68,795,000 will be payable in the following manners: (i) a refundable deposit of HK\$6,879,500 has been paid upon signing of the First Agreement; and (ii) the balance of the consideration of HK\$61,915,500 will be paid upon completion of the First Agreement.

The balance of the consideration will be funded by internal resources of the Group.

LETTER FROM KGI

Conditions precedent

Completion of the First Agreement is subject to and conditional on the following conditions being fulfilled or waived:

- (a) the passing of an ordinary resolution by the Independent Shareholders at the EGM approving the First Agreement and the transactions contemplated thereunder;
- (b) the passing of an ordinary resolution by the independent shareholders of Hon Kwok at the Hon Kwok EGM approving the First Agreement and the transactions contemplated thereunder;
- (c) there having been no breach by Vendor A of any obligations, undertakings, representations and warranties under the First Agreement; and
- (d) there having been no breach by the Purchaser of any obligations, undertakings, representations and warranties under the First Agreement.

As stated in the Board Letter, none of the above conditions had been fulfilled as at the Latest Practicable Date.

The First Agreement and the Second Agreement are not inter-conditional and the latter has been completed on 3 June 2016 following which the Target Group is treated as a jointly-controlled entity of Hon Kwok Group and 50% of its profit or loss and net assets will be equity accounted for in the financial statements of Hon Kwok Group.

In the event that all of the conditions of the First Agreement as stated above are fulfilled or waived, the First Acquisition shall be completed within five business days immediately thereafter (or such other date as the parties may agree in writing) and the Target Group will then become the indirect wholly-owned subsidiaries of Hon Kwok Group and 100% of its financial results will be consolidated into Hon Kwok Group's financial statements.

Having considered that i) the holding of investment properties for rental income is one of the core business operations of the Group and the sole asset of the Target Group is the Property currently leased out for rental income and ii) the consideration for the First Acquisition was agreed at after arm's length negotiations between the parties, we concur with the Directors' view that the terms of the First Acquisition are on normal commercial terms and in the ordinary and usual course of business of the Company.

III. Consideration for the First Acquisition

Based on the unaudited consolidated financial information of the Target Group as at 31 March 2016, the unaudited consolidated net assets of the Target Group (which has taken into account of the revaluation of the Property) was approximately HK\$138,194,000 and the amount of related shareholders' loans was HK\$9,359,998.

LETTER FROM KGI

Valuation of the Property

Being stated in the valuation report on the Property from Savills, as set out in Appendix I to the Circular, Savills' valuation of the Property is Savills' opinion of its market value which define as intended to mean "the estimated amount for which an asset or liability should exchange on the valuation date between a willing buyer and a willing seller on an arm's length transaction after proper marketing and where the parties had each acted knowledgeably, prudently and without compulsion"

In valuing the Property which is to be held by the Group for investment, Savills has valued the Property by reference to comparable market transactions and where appropriate, on the basis of capitalization of incomes derived from the existing tenancies with due allowance for reversionary income potential of the Property.

In valuing the Property, Savills stated that they have complied with the requirements set out in Chapter 5 and Practice Note 12 of the Listing Rules and the HKIS Valuation Standards (2012 Edition) published by The Hong Kong Institute of Surveyors.

We have reviewed the qualification of Savills and the scope of work under the terms of engagement of Savills in relation to the valuation of the Property and discussed with Savills on the assumptions applied by them as set out in the valuation report. We consider that their assumptions are in line with the market practice and have no reason to doubt the assumptions applied by Savills in preparing the valuation report. However, we wish to draw the attention of the Shareholders that the assumptions made in the valuation report are by nature subject to future uncertainty.

As mentioned in the Board Letter, the consideration for the First Acquisition is determined by reference to the unaudited consolidated net assets of the Target Group of which the carrying value of the Property of RMB170,000,000 (equivalent to approximately HK\$203,592,000) as currently recorded in the books of the Target Group has been adopted. Such carrying value of the Property was about 3.5% lower than the market value of the Property of RMB176,000,000 (equivalent to approximately HK\$210,778,000) based on the valuation by Savills as at 31 March 2016. Hence, the management of the Company considered that the aggregate cash consideration for the acquisition of the entire issued share capital of the Target Group and the assignment of related shareholders' loans of HK\$9,359,998 is compared favourably to the actual underlying unaudited consolidated net assets and the shareholders' loans of the Target Group as at 31 March 2016.

LETTER FROM KGI

An analysis of the unaudited consolidated net assets of the Target Group as at 31 March 2016 is as follows:

	<i>HK\$'000</i> (approximately)
Carrying value of the Property (RMB170,000,000)	203,592
Cash and bank balance	1,664
Other assets	<u>5,431</u>
Total assets	210,687
Less: Bank loans	(58,242)
Shareholders' loans	(9,360)
Other payables	<u>(4,891)</u>
Unaudited consolidated net assets as at 31 March 2016	138,194
Shareholders' loans to be assigned	<u>9,360</u>
	147,554
Less: PRC Tax in connection with the sale of the Target Group	<u>(9,964)</u>
Consideration for the acquisition of the Target Group	<u><u>137,590</u></u>
Consideration for the First Acquisition	68,795
Consideration for the Second Acquisition	<u>68,795</u>
	<u><u>137,590</u></u>

We noted from the Board Letter that the Company has proposed to acquire Target Company A which holds 50% of the Target Group from Vendor A with a net consideration of HK\$68,795,000 and Target Company B which holds 50% of the Target Group from Vendor B with a net consideration of HK\$68,795,000, respectively.

Given the above analysis, we consider the consideration of the First Acquisition is fair and reasonable as far as the interests of the Company and the Shareholders are concerned.

LETTER FROM KGI

IV. Financial Effects of the First Acquisition

The aggregate cash consideration for the First Acquisition is HK\$68,795,000 which is determined by reference to the unaudited consolidated net assets of the Target Group, together with the shareholder's loan as at 31 March 2016 after PRC Tax.

The financial effects of the First Acquisition will be as follows:

i. Earnings

The management of the Company advised that the Property would be held for long term rental purpose. The Property is currently leased out for rental income with occupancy rate of approximately 27.5%. After completion of the First Acquisition, the Group intends to undergo a renovation program to the Property in order to enhance its market value and rental income. The rental income of the Property may therefore further contribute to the future earnings of the Group.

ii. Net asset value

Based on the consideration for the First Acquisition of HK\$68,795,000 being equivalent to 50% of the aggregate amount of the unaudited consolidated net assets and the shareholders' loans of the Target Group as at 31 March 2016 after PRC Tax, there will be no significant impact on the net asset value of the Group immediately after the completion of the First Acquisition.

iii. Liquidity

The cash outflow for the consideration for the First Acquisition excluding PRC Tax is HK\$68,795,000. There is a negative impact on the liquidity of the Group in relation to the First Acquisition. However, the cash outflow for settlement of the purchase consideration will be partially recovered from the cash and bank balance of approximately HK\$1,664,000 acquired from the Target Group and the future earnings of the Property.

Based on the unaudited accounts of the Group as at 30 September 2015, the cash and cash equivalents and the net current assets were approximately HK\$1,283 million and approximately HK\$1,269 million respectively. The decrease of liquidity was acceptable.

iv. Gearing

Based on the unaudited accounts of the Group, the gearing of the Group as at 30 September 2015, reflected by the net interest-bearing debts of approximately HK\$4,892 million to the total equity of approximately HK\$7,799 million, was approximately 63%.

Based on the unaudited financial information of the Target Group as at 31 March 2016, upon completion of the First Acquisition, there will be an increase in the net interest-bearing debts of the Group of approximately HK\$205 million and will not affect the total equity of the Group. Accordingly, the maximum increase of gearing position of the Group will be from 63% to 65%. The impact on the gearing will be minimal.

LETTER FROM KGI

OPINION

Having taken into consideration of the above principal factors and reasons, in particular:

1. The terms of the First Acquisition are on normal commercial terms and is in the ordinary and usual course of business of the Group;
2. the consideration of the First Acquisition being, equivalent to 50% of the aggregate amount of the unaudited consolidated net assets and the shareholders' loans of the Target Group after PRC Tax is fair and reasonable to the Company and the Shareholders as a whole;
3. in relation to the First Acquisition, the decrease in liquidity will be acceptable and the gearing will be slightly increased; and
4. the First Acquisition may enhance the future earnings of the Group,

we considered that the First Acquisition is in the interest of the Company and the Shareholders as a whole.

RECOMMENDATION

Having considered that the terms of the First Acquisition are i) on normal commercial terms and in the ordinary and usual course of business of the Company, ii) in the interests of the Company and the Shareholders as a whole and iii) fair and reasonable so far as the interests of the Independent Shareholders are concerned, accordingly, we advise the Independent Board Committee to recommend the Independent Shareholders to vote in favour of the ordinary resolution to be proposed at the EGM to approve the First Acquisition.

Yours faithfully,

Dear Sirs,

INSTRUCTIONS

In accordance with the instructions from Hon Kwok Land Investment Company, Limited ("Hon Kwok") and Chinney Investments, Limited ("Chinney") (collectively referred to as the "Companies") for us to value the Property situated in the People's Republic of China ("PRC"), we confirm that we have carried out an inspection, made relevant enquiries and searches and obtained such further information as we consider necessary for the purpose of providing you with our opinion of value of the Property as at 31 March 2016 (the "Date of Valuation") for circular purpose.

BASIS OF VALUATION

Our valuation of the Property is our opinion of its market value which we would define as intended to mean "the estimated amount for which an asset or liability should exchange on the valuation date between a willing buyer and a willing seller on an arm's length transaction after proper marketing and where the parties had each acted knowledgeably, prudently and without compulsion".

Market value is understood as the value of an asset or liability estimated without regard to costs of sale or purchase (or transaction) and without offset for any associated taxes or potential taxes.

In valuing the Property, we have complied with the requirements set out in Chapter 5 and Practice Note 12 of the Rules Governing the Listing of Securities on the Stock Exchange of Hong Kong Limited and The HKIS Valuation Standards (2012 Edition) published by The Hong Kong Institute of Surveyors.

PROPERTY CATEGORIZATION AND VALUATION METHODOLOGY

The Property is to be held by the Companies for investment upon completion of the acquisition. In the course of our valuation, we have valued the Property by making reference to comparable market transactions as available on the market and where appropriate, on the basis of capitalisation of incomes as shown on the schedules handed to us with due allowance for reversionary income potential of the Property.

TITLE INVESTIGATION

We have been provided with copies of extracts of the title documents relating to the Property. However, we have not searched the original documents to ascertain the existence of any amendments, which may not appear on the copies handed to us. We have relied to a very considerable extent on information given by the Companies and the legal opinion issued by the Companies' PRC legal adviser, Jingtian & Gongcheng (競天公誠律師事務所), regarding the title to the Property.

In valuing the Property in the PRC, unless otherwise stated, we have assumed that transferable land use rights in respect of the Property for its specific terms at nominal land use fee have been granted and that all requisite land premium payable has been fully settled. We have also assumed that the owner of the Property has a legal title to the Property and has free and uninterrupted rights to use, occupy or assign the Property for the whole of the unexpired terms as granted.

We have relied to a very considerable extent on information given by the Companies and have accepted advice given to us on such matters as planning approvals or statutory notices, easements, tenure, ownership, particulars of occupancy, site and floor areas and all other relevant matters. Dimensions, measurements and areas included in the valuation certificate are based on information contained in the documents provided to us and are therefore only approximations. No on-site measurements have been made. We have had no reason to doubt the truth and accuracy of the information provided to us by the Companies, which is material to our valuation. We have also advised by the Companies that no material facts have been omitted from the information provided.

No allowance has been made in our valuation for any charges, mortgages or amounts owing on the Property nor for any expenses or taxation which may be incurred in effecting a sale. Unless otherwise stated, it is assumed that the Property is free from encumbrances, restrictions and outgoings of an onerous nature which could affect its value.

SITE INSPECTION

We have inspected the exterior and where possible, the interior of the Property. The site inspection was carried out by our Mr Anthony Lau on 27 April 2016. During the course of our inspection, we did not note any serious defects.
