To the Shareholders

Dear Sir or Madam,

**CONNECTED TRANSACTION
IN RELATION TO
CONSTRUCTION WORKS**

INTRODUCTION

With reference to the joint announcement dated 12 July 2018 as announced by the Company, Hon Kwok and Chinney Alliance, the Contractor and the Employer entered into the Framework Agreement, pursuant to which the Employer conditionally agreed to engage the Contractor, and the Contractor conditionally agreed to act as the main contractor to carry out the Construction Works for the Project at the Tender Sum of HK\$724,838,691.70, subject to a potential Provisional Sum not exceeding HK\$33,000,000.00.

On 12 June 2018, the Employer and Shun Cheong Data Centre Solutions, an indirect wholly-owned subsidiary of Chinney Alliance, entered into the Consultancy Agreement, pursuant to which Shun Cheong Data Centre Solutions was appointed by the Employer as a consultant to provide consultancy services for the Project at a fixed fee of HK\$16,200,000.00. Details of the Consultancy Agreement were set out in the joint announcement of the Companies dated 12 June 2018.

LETTER FROM THE BOARD

As at the Latest Practicable Date, the Employer is an indirect wholly-owned subsidiary of Hon Kwok and an indirect non wholly-owned subsidiary of the Company, and the Contractor is an indirect wholly-owned subsidiary of Chinney Alliance. The Company is interested in approximately 68.09% and 29.10% of the issued shares of Hon Kwok and Chinney Alliance, respectively. Dr. James Sai-Wing Wong is the chairman and executive director of the Company, Hon Kwok and Chinney Alliance and is beneficially interested in (a) approximately 62.02% of the issued shares of the Company; (b) approximately 69.72% of the issued shares of Hon Kwok (including those interests held through the Company); and (c) approximately 73.43% of the issued shares of Chinney Alliance (including those interests held through the Company). Thus the Company, Hon Kwok and Chinney Alliance are connected persons to one another within the meaning of the Listing Rules.

The entering into of the Framework Agreement constitutes a connected transaction for each of the Companies under the Listing Rules. As disclosed in the joint announcement of the Companies dated 12 June 2018, the entering into of the Consultancy Agreement also constituted a connected transaction for each of the Companies under the Listing Rules. Pursuant to Rules 14A.81 and 14A.82 of the Listing Rules, the Agreements shall be aggregated as a series of transactions as the transactions concerning the Project were entered into within a 12-month period and involved parties which are connected with one another among the Companies. As the applicable percentage ratios of the Proposed CT, on both stand-alone and the basis when aggregated with the Consultancy Agreement, are more than 5% and the Total Contract Sum is more than HK\$10 million, the Proposed CT constitutes a non-exempt connected transaction under Chapter 14A of the Listing Rules and is subject to the reporting, announcement and independent shareholders' approval requirements under Chapter 14A of the Listing Rules.

The purpose of this circular is to provide you with, among other things, (a) further details of the Proposed CT; (b) a letter from the Independent Board Committee to the Independent Shareholders in respect of the Proposed CT; (c) a letter of advice from the Independent Financial Adviser to the Independent Board Committee and the Independent Shareholders in respect of the Proposed CT; (d) a notice of the EGM; and (e) other information as required under the Listing Rules.

LETTER FROM THE BOARD

THE FRAMEWORK AGREEMENT

Date

12 July 2018 (after trading hours)

Parties to the Framework Agreement

- (a) The Employer, an indirect wholly-owned subsidiary of Hon Kwok and an indirect non wholly-owned subsidiary of the Company, is the owner and developer of the Project and is principally engaged in property development business in Hong Kong; and
- (b) The Contractor, an indirect wholly-owned subsidiary of Chinney Alliance, is a general building contractor and is principally engaged in the provision of building construction works and services to the public and private sectors in Hong Kong.

Construction Works

Pursuant to the Framework Agreement, the Employer conditionally agrees to engage the Contractor and the Contractor conditionally agrees to act as the main contractor to carry out the Construction Works for the Project at the Tender Sum (and subject to the potential Provisional Sum) on the terms and subject to the Conditions Precedent to the Framework Agreement, and the terms and conditions as contained in the Contract Documents. The period of the Construction Works is estimated to be approximately 465 calendar days.

Total Contract Sum and terms of payment

The Contractor was selected through a tendering process in which three companies had submitted tenders to the Quantity Surveyor and the Architect, both being independent third parties, for review and assessment. The Tender Sum represents the amount offered by the Contractor under the lump sum fixed price tender which is HK\$724,838,691.70.

In addition, the Employer intends to apply to the government departments for exempting an area of approximately 1,200 square meters as non-accountable gross floor area under the original building plans of the Project. In the event that such application is approved, the floor area of the building to be constructed would be increased and it is estimated by the Quantity Surveyor that the Tender Sum would be increased by the potential Provisional Sum which is capped at HK\$33,000,000.00 under the Framework Agreement. Accordingly, the Total Contract Sum representing the Tender Sum plus the potential Provisional Sum of the Construction Works under the Framework Agreement will not be exceeding HK\$757,838,691.70.

Payment of the Total Contract Sum will follow common industry practice which is to be effected in stages based on the progress of the Construction Works properly executed by the Contractor and the materials and goods delivered, as certified by the Architect in the architect's certificates to be delivered to the Employer from time to time.

LETTER FROM THE BOARD

The Employer has engaged the Architect and the Quantity Surveyor to conduct the tendering process and both of them have examined and assessed the merits of the tenders received.

Nevertheless, in determining the main contractor of the Project, the Architect and the Quantity Surveyor did not only consider the tender prices but also other factors relating to the tenderers such as the number of projects they have completed, their experiences of building contracts with similar nature, project scale and complexity, the competence of their technical staff and also the quality of their technical proposals submitted. Each tenderer was scored by the Architect after consideration of the above factors. Based on the examination and assessment by the Architect and the Quantity Surveyor, the Contractor was ranked the highest score amongst the three tenderers and the Quantity Surveyor recommended to award the tender to the Contractor. In determining the prevailing market rates relating to the Total Contract Sum, the Employer engaged the Quantity Surveyor to preliminarily assess the contract value of the Construction Works and carried out a competitive tendering procedure. Seven contractors, including the Contractor and six independent third parties, were invited for submission of tender for the Construction Works. Out of the three tenders received by the Employer, the Tender Sum offered by the Contractor represented the second lowest bid as compared to the other two tenderers. Each of the tender sums submitted by all three tenderers was less than the amount estimated by the Quantity Surveyor. The difference between the highest bid and the lowest bid was within 3% whereas the difference between the second lowest bid and the lowest bid was 0.5%. In accordance with the market practice, the Quantity Surveyor also sent tender questionnaires and conducted tender interview with each of the tenderers in the presence of the Architect and the Employer to ascertain the methodology and the completeness and sufficiency of each of the tender submissions. Based on the report from the Quantity Surveyor and its recommendation therein, the Employer believes that the Total Contract Sum is in line with the prevailing market rate for the Construction Works.

The Architect is experienced in providing architectural services for property and infrastructural projects for both the public and private sectors in Hong Kong. The officer responsible for the engagement by the Employer is a member of the Hong Kong Institute of Architects, Registered Architect, Authorised Person (Architect) and BEAM Professional with about 20 years of experience in the design, planning and project administration of property projects.

The Quantity Surveyor has provided full quantity surveying services in a number of projects in Hong Kong. The officer responsible for the engagement by the Employer is a Professional Member of the Royal Institution of Chartered Surveyors, a member of the Hong Kong Institute of Surveyors, Registered Professional Surveyor (Quantity Surveying Division) and Registered Cost Engineer (PRC) with over 20 years of experience in all aspects of quantity surveying and cost management duties.

As to the Contractor, the Tender Sum offered by the Contractor to the Employer was determined based on the estimated project costs (including machinery usage costs, direct labour costs, subcontracting charges and construction materials costs, etc.) by reference to the prevailing market rates, and is comparable to those offered to other independent third parties for similar Construction Works.

LETTER FROM THE BOARD

Conditions Precedent to the Framework Agreement

The engagement of the Contractor by the Employer and the acceptance of such engagement by the Contractor, and the obligations of the Parties under the Framework Agreement are conditional upon:

- (a) the passing by the independent shareholders of each of the Companies in their respective special general meetings or extraordinary general meetings (as the case may be) by way of poll of resolution(s) approving, amongst other things, the Proposed CT and authorising the execution, delivery and performance of all the transactions contemplated under the Framework Agreement and any agreement ancillary thereto;
- (b) all requirements imposed by the Stock Exchange under the Listing Rules or otherwise in connection with all the transactions contemplated by the Framework Agreement having been fully complied with; and
- (c) all waivers, consents, approvals or confirmations of the Stock Exchange which are required or appropriate or in relation thereto, and all relevant waivers, consents, approvals or confirmations required for the purposes of the Parties for the entry into and the implementation of the Framework Agreement having been obtained.

None of the conditions precedent to the Framework Agreement can be waived by the Contractor or the Employer.

The Parties shall use their reasonable endeavours to procure that the Conditions Precedent to the Framework Agreement shall be fulfilled by the Long-Stop Date.

If the Conditions Precedent to the Framework Agreement shall not have been fulfilled by the Long-Stop Date, or such other date as the Parties may agree in writing (time in either case being of the essence), then save in respect of any antecedent breach of the Framework Agreement, all rights and liabilities of the Parties shall cease and no Party shall have any claim against the other Party.

INFORMATION ON THE COMPANIES

The Company is an investment holding company incorporated in Hong Kong with limited liability. The Group (excluding Hon Kwok Group and CAG Group) is mainly engaged in garment manufacturing and trading and investment holding.

Hon Kwok is an investment holding company incorporated in Hong Kong with limited liability. Hon Kwok Group is mainly engaged in property development, property investment and property related businesses.

LETTER FROM THE BOARD

Chinney Alliance is a company incorporated in Bermuda with limited liability. CAG Group is mainly engaged in trading of plastics and chemical products; provision of building related contracting services; provision of foundation piling works and sub-structure works; and provision of construction works.

REASON FOR AND BENEFITS OF THE PROPOSED CT

The principal activities of Hon Kwok Group are property development and investment. From time to time, Hon Kwok Group engages contractors for construction works of its property development projects. The land site of the Project was acquired by Hon Kwok Group through government public tender in Hong Kong in 2015, and is planned to be developed as a data centre for recurring rental income. The management of Hon Kwok considers that it is in the best interests of Hon Kwok and its shareholders as a whole to engage a technically competent contractor at a competitive price to carry out the Construction Works. The Contractor is considered an appropriate choice given (a) the recommendation by the Architect and the Quantity Surveyor by reference to the technical aspect and pricing of the all three tenders received by the Employer; (b) that same as the Employer, it is under the control of Dr. James Sai-Wing Wong who has the objective of achieving the well-being for all of the Companies; and (c) that the long established relationship amongst the Companies will enhance work efficiency and effective communication.

Dr. James Sai-Wing Wong, being a controlling shareholder of each of the Companies, will abstain from voting at the special or extraordinary general meeting of each of the Companies in respect of the Proposed CT. Hon Kwok and Chinney Alliance are run by separate board of directors. Should the Proposed CT receive approval from the independent shareholders of the respective Companies, Dr. James Sai-Wing Wong as the chairman of each of the Companies has fiduciary duties as a director to ensure that relevant parties shall work in the interest of the shareholders of their respective Companies with regard to the timely completion of the Construction Works in a quality manner and within the approved Total Contract Sum. As such, the well-being for the Companies can be achieved.

The relationships among the Companies can be traced back to 1985. Hon Kwok was acquired by the Company in 1985 and has been the flagship of the Group undertaking property development and investment activities in Hong Kong and the PRC. Chinney Alliance was acquired by the Company in 1998 and is now an associate of the Company focusing on construction businesses in Hong Kong and Macau. The Contractor, founded in 1975, was a subsidiary of the Company prior to its disposal to Chinney Alliance in 2007.

CAG Group has been engaging in construction works in Hong Kong and Macau through its respective subsidiaries, including the Contractor, Kin Wing Foundations Limited and Kin Wing Engineering Company Limited. The Contractor commenced building construction business since its establishment in 1975, while Kin Wing Engineering Company Limited and Kin Wing Foundations Limited, which are both engaged in foundation construction business, were established in 1994 and 1995 respectively. The management of CAG Group considers that the submission of the tender and the acceptance of it (if being awarded) relating to the

LETTER FROM THE BOARD

Construction Works are within its normal course of business. The Tender Sum offered to the Employer was determined based on the estimated project costs (including machinery usage costs, direct labour costs, subcontracting charges and construction materials costs etc.) by reference to the prevailing market rates, and were comparable to those offered to other independent third parties by the Contractor for similar Construction Works.

The conditional engagement by the Employer and the conditional acceptance by the Contractor to act as the main contractor to carry out the Construction Works represent activities within the ordinary and usual course of business of each of CAG Group, the Group and Hon Kwok Group. The terms of the Framework Agreement were arrived at by the Contractor and the Employer after arm's length negotiations.

Under the articles of association of the Company, a Director should not vote (nor be counted in the quorum) on any resolution of the Board in respect of any contract or arrangement in which he/she is to his/her knowledge materially interested. Accordingly, Dr. James Sai-Wing Wong has not voted or been counted in the quorum on the resolutions approving the Framework Agreement. Dr. Emily Yen Wong, being the daughter of Dr. James Sai-Wing Wong, has also abstained from voting on the said resolutions of the Board voluntarily for the purpose of good corporate governance.

LISTING RULES IMPLICATIONS

As at the Latest Practicable Date, the Employer is an indirect wholly-owned subsidiary of Hon Kwok and an indirect non wholly-owned subsidiary of the Company, and the Contractor is an indirect wholly-owned subsidiary of Chinney Alliance. The Company is interested in approximately 68.09% and 29.10% of the issued shares of Hon Kwok and Chinney Alliance, respectively. Dr. James Sai-Wing Wong is the chairman and executive director of each of the Company, Hon Kwok and Chinney Alliance and is beneficially interested in (a) approximately 62.02% of the issued shares of the Company; (b) approximately 69.72% of the issued shares of Hon Kwok (including those interests held through the Company); and (c) approximately 73.43% of the issued shares of Chinney Alliance (including those interests held through the Company). Thus the Company, Hon Kwok and Chinney Alliance are connected persons to one another within the meaning of the Listing Rules.

Kwok and Chinney Alliance; (b) the Agreements were both entered into within a period of 12 months up to the date of the joint announcement of the Companies dated 12 July 2018; and (c) the respective transactions contemplated under the Agreements are both related to the Project, the Directors consider that the transactions under the Agreements should be aggregated for the purpose of determining the relevant requirements applicable to the Framework Agreement pursuant to Rule 14A.81 and Rule 14A.82 of the Listing Rules.

As the applicable percentage ratios of the Proposed CT, on both stand-alone and the basis when aggregated with the Consultancy Agreement, are more than 5% and the Total Contract Sum is more than HK\$10 million, the Proposed CT constitutes a non-exempt connected transaction under Chapter 14A of the Listing Rules and is subject to the reporting, announcement and independent shareholders' approval requirements under Chapter 14A of the Listing Rules.

紅日資本有限公司

RED SUN CAPITAL LIMITED

8 August 2018

To: *The Independent Board Committee and
the Independent Shareholders of Chinney Investments, Limited*

Dear Sir/Madams,

CONNECTED TRANSACTION IN RELATION TO CONSTRUCTION WORKS

INTRODUCTION

We refer to our appointment as the independent financial adviser to advise the Independent Board Committee and the Independent Shareholders in respect of the proposed connected transaction contemplated under the Framework Agreement, namely, the Proposed CT. Details of which are set out in the letter from the Board (the “**Letter from the Board**”) contained in the circular of the Company dated 8 August 2018 (the “**Circular**”) of which this letter forms part. Terms used in this letter have the same meanings as defined elsewhere in the Circular unless the context require otherwise.

On 12 July 2018 (after trading hours of the Stock Exchange), the Contractor and the Employer entered into the Framework Agreement, pursuant to which the Employer conditionally agreed to engage the Contractor, and the Contractor conditionally agreed to act as the main contractor to carry out the Construction Works for the Project at the Tender Sum of HK\$724,838,691.70, subject to a potential Provisional Sum not exceeding HK\$33,000,000.00.

As at the Latest Practicable Date, the Employer is an indirect wholly-owned subsidiary of Hon Kwok and an indirect non wholly-owned subsidiary of Chinney Investments, Limited (i.e. the Company or referred to as “**Chinney Investments**” hereafter), and the Contractor is an indirect wholly-owned subsidiary of Chinney Alliance. Chinney Investments is interested in approximately 68.09% and 29.10% of the issued shares of Hon Kwok and Chinney Alliance, respectively. Dr. James Sai-Wing Wong is the chairman of Chinney Investments, Hon Kwok and Chinney Alliance and is beneficially interested in (i) approximately 62.02% of the issued shares of Chinney Investments; (ii) approximately 69.72% of the issued shares of Hon Kwok (including those interests held through Chinney Investments); and (iii) approximately 73.43% of the issued shares of Chinney Alliance (including those interests held through Chinney Investments). On this basis, Chinney Investments, Hon Kwok and Chinney Alliance are connected persons to one another within the meaning of the Listing Rules.

LETTER FROM THE INDEPENDENT FINANCIAL ADVISER

The entering into of the Framework Agreement constitutes a connected transaction for Chinney Investments under the Listing Rules. As the applicable percentage ratio of the Proposed CT is more than 5% and the Total Contract Sum is more than HK\$10 million, the Proposed CT constitutes a non-exempt connected transaction under Chapter 14A of the Listing Rules and is subject to the reporting, announcement and independent shareholders' approval requirements under Chapter 14A of the Listing Rules.

Dr. James Sai-Wing Wong, being a director of Chinney Investments and having a material interest in the Proposed CT, and his associates are required to abstain from voting at the EGM.

INDEPENDENT BOARD COMMITTEE

The Board currently consists of the following (i) executive Directors, namely Dr. James Sai-Wing Wong (Chairman) and Mr. Yuen-Keung Chan (Vice Chairman and Managing Director); (ii) non-executive Directors, namely Mr. Paul Hon-To Tong and Dr. Emily Yen Wong; and (iii) independent non-executive Directors, namely Dr. Clement Kwok-Hung Young, Mr. James C. Chen and Mr. Richard Chi-Ho Lo.

The Independent Board Committee comprising Dr. Clement Kwok-Hung Young, Mr. James C. Chen and Mr. Richard Chi-Ho Lo, being all the independent non-executive Directors, has been established by the Company to advise and make recommendation to the Independent Shareholders in respect of whether the Proposed CT was entered into on normal commercial terms, fair and reasonable so far as the Independent Shareholders are concerned and in the interests of the Company and the Shareholders as a whole.

Our appointment as the Independent Financial Adviser to the Independent Board Committee and the Independent Shareholders has been approved by the Board. Our role as the Independent Financial Adviser is to advise the Independent Board Committee and the Independent Shareholders regarding the fairness and reasonableness of the terms of the Proposed CT.

OUR INDEPENDENCE

As at the Latest Practicable Date, we do not have any relationship with, or interest in, or other services provided to, Chinney Investments or any other parties that could reasonably be regarded as relevant to our independence in the past two years except for the Proposed CT. Apart from normal professional fees payable to us in connection with this appointment as the Independent Financial Adviser in relation to the Proposed CT, no arrangements exist whereby we had received or will receive any fees or benefits from Chinney Investments or any other parties that could reasonably be regarded as relevant to our independence. Accordingly, we consider that we are independent pursuant to Rule 13.84 of the Listing Rules.

LETTER FROM THE INDEPENDENT FINANCIAL ADVISER

The Directors have collectively and individually accepted full responsibility, including particulars given in compliance with the Listing Rules, for the accuracy of the information contained in the Circular and have confirmed, after having made all reasonable enquires, which to the best of their knowledge and belief, that the information contained in the Circular is accurate and complete in all material respects and not misleading or deceptive, opinions expressed in the Circular have been arrived at after due and careful consideration and there are no other matters of facts, the omission of which would make any statement herein or the Circular misleading.

LETTER FROM THE INDEPENDENT FINANCIAL ADVISER

PRINCIPAL FACTORS AND REASONS CONSIDERED

In giving our recommendation to the Independent Board Committee and the Independent Shareholders in relation to the Proposed CT, we have taken into consideration the following principal factors and reasons:

(i) **Information on the Parties**

Background of the Contractor and Chinney Alliance

As set out in the Letter from the Board, the Contractor is a company incorporated under the laws of Hong Kong with limited liability and an indirect wholly-owned subsidiary of Chinney Alliance. It is principally engaged in building construction works and providing construction services to the public and private sectors in Hong Kong.

Chinney Alliance is a company incorporated in Bermuda with limited liability. CAG Group has been engaging in construction works in Hong Kong and Macau through its respective subsidiaries, including the Contractor, Kin Wing Foundations Limited (“**Kin Wing Foundations**”) and Kin Wing Engineering Company Limited (“**Kin Wing Engineering**”). The Management advised that the Contractor commenced building construction business since its establishment in 1975, while Kin Wing Engineering and Kin Wing Foundations, which are both engaged in foundation construction business, were established in 1994 and 1995, respectively.

Set out below is a summary of the operating results and financial position of CAG Group for the two years ended 31 December 2016 and 2017 as extracted from the annual report of CAG Group for the year ended 31 December 2017:

Table 1: Consolidated financial results of CAG Group

	For the year ended	
	31 December	
	2016	2017
	<i>HK\$ million</i>	<i>HK\$ million</i>
	<i>(audited)</i>	<i>(audited)</i>

– Building related contracting services	1,558.3	2,178.9
– Building construction	1,079.3	1,648.5
– Foundation piling and ground investigation	1,355.7	1,190.4
– Others	25.3	21.5
Total Revenue	4,570.7	5,595.8
Gross profit	704.4	667.1
Profit for the year	235.4	197.3

LETTER FROM THE INDEPENDENT FINANCIAL ADVISER

Table 2: Consolidated financial position of CAG Group

	As at 31 December	
	2016	2017
	HK\$ million	HK\$ million
	(audited)	(audited)
Non-current assets	851.5	844.9
Current assets	2,372.3	2,736.8
– cash and cash equivalents	858.8	942.1
Net current assets	760.7	980.8

The CAG Group recorded revenue of approximately HK\$5,595.8 million for the year ended 31 December 2017, representing an increase of approximately 22.4% compared to approximately HK\$4,570.7 million for the year ended 31 December 2016. The increase in the total revenue was mainly attributable to the increase in revenue derived from its building construction segment of approximately HK\$1,079.3 million for the year ended 31 December 2016 to approximately HK\$1,648.5 million for the year ended 31 December 2017. For the year ended 31 December 2017, CAG Group recorded (i) gross profit of approximately HK\$667.1 million; and (ii) profit for the year of approximately HK\$197.3 million.

As at 31 December 2017, the CAG Group had (i) current assets of approximately HK\$2,736.8 million, which consisted cash and cash equivalents of approximately HK\$942.1 million; and (ii) net current assets of approximately HK\$980.8 million.

In view of the above, the Management considered the Contractor, being an indirect wholly-owned subsidiary of Chinney Alliance, has sufficient financial resources to carry out the Construction Works.

Background of the Employer, Hon Kwok and Chinney Investments

As set out in the Letter from the Board, the Employer is a company incorporated under the laws of Hong Kong with limited liability, and an indirect wholly-owned subsidiary of Hon Kwok, and an indirect non wholly-owned subsidiary of Chinney Investments. It is principally engaged in property development business in Hong Kong.

LETTER FROM THE INDEPENDENT FINANCIAL ADVISER

Hon Kwok is an investment holding company incorporated in Hong Kong with limited liability. Hon Kwok Group is principally engaged in property development, property investment and property related activities. As set out in Hon Kwok Group's annual results announcement for the year ended 31 March 2018, Hon Kwok Group derived from revenue primarily from three business segments, namely (i) property development segment, which principally develops properties for sale; (ii) property investment segment, which principally holds investment properties for development and the generation of rental income; and (iii) others, which principally comprises, the sub-leasing of carparking business and the property management service business. For the years ended 31 March 2017 and 2018, the property development segment has been the largest segment of Hon Kwok Group in terms of revenue generated, which contributed to over 85% of the Hon Kwok Group's revenue, respectively.

Chinney Investments is an investment holding company incorporated in Hong Kong with limited liability. The Group (excluding Hon Kwok Group and CAG Group) is mainly engaged in garment manufacturing and trading and general investment.

(ii) Reasons for and benefits of the Framework Agreement

As mentioned in the Letter from the Board, one of the principal activities of Hon Kwok Group is property development and from time to time it engages contractors for construction works of its property development projects.

The land site of the Project was acquired by Hon Kwok Group through government public tender in Hong Kong in 2015 and is planned to be developed as a data centre for recurring rental income. The Management considers that it is in the interest of Hon Kwok and its shareholders as a whole to engage a technically competent contractor at a competitive price to carry out the Construction Works. As set out in the Letter from the Board, the Contractor is considered an appropriate choice given (i) the recommendation by the Architect and the Quantity Surveyor by reference to the technical aspect and pricing of the all three tenders received by the Employer; (ii) same as the Employer, it is under the control of Dr. James Sai-Wing Wong who has the objective of achieving the well-being for all of the Companies; and (iii) the long established relationship amongst the Companies will enhance work efficiency and effective communication.

As disclosed in the Letter from the Board, the relationship among the Companies can be traced back to 1985. Hon Kwok was acquired by Chinney Investments in 1985 and has been the flagship of the Group undertaking property development and investment activities in Hong Kong and the PRC. Chinney Alliance was acquired by Chinney Investments in 1998 and is now an associate of Chinney Investments focusing on construction businesses in Hong Kong and Macau. The Contractor, founded in 1975, was a subsidiary of Chinney Investments prior to its disposal to Chinney Alliance in 2007.

LETTER FROM THE INDEPENDENT FINANCIAL ADVISER

CAG Group has been engaging in construction works in Hong Kong and Macau through its respective subsidiaries, including the Contractor, Kin Wing Foundations and Kin Wing Engineering. The Management advised that the Contractor commenced building construction business since its establishment in 1975, while Kin Wing Engineering and Kin Wing Foundations, which are both engaged in foundation construction business, were established in 1994 and 1995, respectively.

As set out in the project list of the Contractor included in the tender document for the past 10 years, the Contractor had completed over 50 construction projects of similar nature in Hong Kong, its customers included, amongst others, property developers, construction companies, universities in Hong Kong, charity organisations as well as their respective main contractors. In this regard, the Contractor has undertaken the role of a main contractor and subcontractor in the past. The nature of the above-mentioned projects included, but not limited to, (i) fitting out works; (ii) alterations, additions, repairs and improvement works; (iii) foundation, excavation and lateral support works; and (iv) sub-structure and superstructure works.

The Management also considered that (i) the engagement of the Contractor would enable Hon Kwok to capitalise on the experience and expertise of CAG Group in the Hong Kong construction industry; and (ii) the joint effort of the Parties would provide a more comprehensive and coordinated service in the common interest of the Parties and the Companies.

In addition, the Management is of the view that the Construction Works would require specialised expertises and capabilities, it is beneficial and more cost effective to engage a capable, reliable and reputable contractor whom it is familiar with. Taking into consideration that (i) the Contractor's past experience in the provision of similar construction works and services under the Framework Agreement; and (ii) the long established relationship between the two groups will enhance work efficiency and effective communication, the Management considers the Contractor an appropriate candidate for the Proposed CT.

The conditional engagement by the Employer and the conditional acceptance by the Contractor to carry out the Construction Works represented activities within the ordinary and usual course of business of the Hon Kwok Group. Furthermore, the Contractor for the Construction Works was selected through a tender process by invitation conducted by an independent consultant, of which the Contractor along with six independent third parties were invited to submit tenders. A total of three tenders including the one submitted by the Contractor, was received by the independent Consultant. Among the three tenders received, the Total Contract Sum set out in the tender submitted by the Contractor for the Construction Works was the second lowest bid.

Having considered the reasons for and benefits of the Proposed CT, we are of the view that the entering into of the Framework Agreement is in the interests of Hon Kwok and the shareholders of Hon Kwok as a whole.

(iv) Our analysis and work performed

Total Contract Sum and terms of payment

As set out in the Letter from the Board, the Contractor was selected through a tendering process in which three companies had submitted tenders to the Quantity Surveyor and the Architect, both being independent third parties, for review and assessment. The Tender Sum represents the amount offered by the Contractor under the lump sum fixed price tender which is HK\$724,838,691.70. In addition, the Employer intends to apply to the government departments for exempting an area of approximately 1,200 square meters as non-accountable gross floor area under the original building plans of the Project. In the event that such application was approved, the floor area of the building to be constructed would be increased and it was estimated by the Quantity Surveyor that the Tender Sum would be increased by the Provisional Sum which is capped at HK\$33,000,000.00 under the Framework Agreement. Accordingly, the Total Contract Sum representing the Tender Sum plus the Provisional Sum of the Construction Works under the Framework Agreement will not be exceeding HK\$757,838,691.70.

Payment of the Total Contract Sum will follow common industry practice which is to be effected in stages based on the progress of the Construction Works properly executed by the Contractor and the materials and goods delivered, as certified by the Architect in the Architect's certificates to be delivered to the Employer from time to time.

LETTER FROM THE INDEPENDENT FINANCIAL ADVISER

The Employer has engaged the Architect and the Quantity Surveyor to conduct the tendering process and both of them have examined and assessed the merits of the tenders received. In determining the main contractor of the Project, the Architect and the Quantity Surveyor do not only consider the tender prices but also other factors relating to the tenderers such as the number of projects they have completed, their experiences of building contracts with similar nature, project scale and complexity, the competence of their technical staff and also the quality of their technical proposals submitted. Each tenderer will be scored by the Architect after consideration of the above factors. Based on the examination and assessment by the Architect and the Quantity Surveyor, the Contractor was ranked the highest score amongst the three tenderers and the Quantity Surveyor recommended to award the tender to the Contractor.

Tender procedures for the selection of constructor

As advised by the Management, for its sizeable construction contracts in Hong Kong, Hon Kwok will typically consider inviting not less than three contractors to submit tender or quotation. Under certain circumstances, including but not limited to, tight construction schedule, lack of sufficient market interest or in the absence of available suitable contractors, Hon Kwok may consider approaching one contractor to submit tender/quotation for a given construction contract. In the event that such contractor is an independent third party, Hon Kwok may assess such tender/quotation internally and/or by engaging an external professional party. In the event that such contractor is a connected party, Hon Kwok shall assess such tender/quotation internally together with advice from relevant external professional party(ies) prior to awarding such construction contract.

Technical Assessment Report and Tender Report

In formulating their recommendation, the Quantity Surveyor had, amongst other matters, (i) reviewed the technical assessment report prepared by the Architect (the “**Technical Assessment Report**”), which set out the assessment made by the Architect primarily focusing on the technical aspects of the three submitted tenders received by the Employer in connection with the Construction Works; and (ii) the contractual matters of the three submitted tenders.

LETTER FROM THE INDEPENDENT FINANCIAL ADVISER

In this connection, we have discussed and reviewed the (i) methodology, basis and key assumptions adopted in the Technical Assessment Report prepared by the Architect the tender report prepared the Quantity Surveyor (the “**Tender Report**”), respectively; and (ii) the relevant documents submitted by the three tenderers, including but not limited to, (a) tender documents; (b) certificates of the tenders; (c) qualification of the team members of the tenderers; and (d) their previous experience in relation to similar building contracts. We had discussed with the Architect and understand that an assessment on technical matters was carried out by the Architect and scores were given to each of the three submitted tenders based on the different attributes including (i) tender’s experience; (ii) tenderer’s past performance; (iii) tenderer’s technical resources; and (iv) tenderer’s technical proposals. As advised by the Architect, the aforesaid evaluation methodology adopted is in line with its practice when undertaking other similar engagements, whereby evaluation is made based on the (i) documents submitted by tenderers; and (ii) the interview with each of the tenderers. Documents reviewed by the Architect included, amongst others, (i) tender documents; (ii) certificates of the tenders; (iii) qualification of the team members of the tenderers; and (iv) their previous experience in relation to similar building contracts.

Based on the assessments on three tenderers as set out in the Technical Assessment Report, the evaluation conducted by the Quantity Surveyor based on the information as set out in the Technical Assessment Report as well as the tender price submitted by the tenderers, the Quantity Surveyor has made its recommendation to the How Kwok Group. As advised by the Quantity Surveyor, it is not uncommon for them to make reference to assessments by another professional party(ies) when examining tender submissions before finalising their recommendation, and in accordance with the methodology and assumptions adopted for the Tender Report, they have also considered the proposed contract sum and terms of all three tenders regarding the Construction Works submitted by the tenderers. The Contractor with the highest overall score out of the three tender submissions was recommended by the Quantity Surveyor. Both the Architect and Quantity Surveyor have advised that the assessment methodology adopted by each of them are in line with their practice for other engagements with a similar nature.

In addition, we also assessed the expertise and independence of the Architect and the Quantity Surveyor by performing the following:

- (i) obtained and reviewed the terms of engagement (having particular regard to the scope of work, whether the scope of work is considered appropriate for the recommendation required to be given and any material limitations on the scope of work which might adversely impact on their recommendation as set out in the Tender Report);
- (ii) discussed with the Architect and Quantity Surveyor as to their current or prior relationships with the Employer, Hon Kwok and Chinney Investments; and
- (iii) reviewed and discussed with the Architect and the Quantity Surveyor on their past relevant experience in the construction industry in Hong Kong and the qualifications of the key team members.

LETTER FROM THE INDEPENDENT FINANCIAL ADVISER

Having considered (i) our analysis and work performed as set out under paragraph headed “Technical Assessment Report and Tender Report” in this letter above; (ii) the tender price submitted by the contractor, being the second lowest bid among the three tenders received, was in line with the respective tender price submitted by the other two independent tenderers; (iii) the fact that all tenderers, including the Contractor, had gone through the same internal tender procedures adopted by the Employer; (iv) the relevant qualifications and experiences of the Architect and the Quantity Surveyor; (v) the information as set out under the Technical Assessment Report prepared by the Architect; (vi) the information as set out under the Tender Report prepared by the Quantity Surveyor; and (vii) the recommendation by the Quantity Surveyor, details of which are set out above and in the Letter from the Board, we are of the view that the terms of the Framework Agreement, which was awarded to the Contractor via tender, are fair and reasonable.

RECOMMENDATION

Having considered the above principal factors and reasons, we are of the view that (i) the entering of the Framework Agreement is in the ordinary and usual course of business of the Group; (ii) the terms of the Framework Agreement are on normal commercial terms and are fair and reasonable so far as the Independent Shareholders are concerned; and (iii) the terms of the Framework Agreement are in the interests of the Company and the Independent Shareholders as a whole. Accordingly, we advise the Independent Board Committee to recommend the Independent Shareholders, and we also recommend the Independent Shareholders to vote in favour of the relevant resolution for approving the Proposed CT.
