### **PROFIT WARNING**

This announcement is made by Eagle Nice (International) Holdings Limited (the "**Company**", and together with its subsidiaries, the "**Group**") pursuant to Rule 13.09(2)(a) of the Rules Governing the Listing of Securities on the Stock Exchange of Hong Kong Limited (the "**Listing Rules**") and the Inside Information Provisions (as defined in the Listing Rules) under Part XIVA of the Securities and Futures Ordinance (Chapter 571 of the Laws of Hong Kong).

The board of directors (the "**Board**") of the Company wishes to inform the shareholders (the "**Shareholders**") and potential investors of the Company that the Group is expected to record a substantial decrease in profit attributable to the owners of the Company of not exceeding 30% for the year ended 31 March 2026 (the "**Reporting Year**") as compared to that of HK\$217.2 million for the previous year.

Based on the information currently available to the Company, the Board believes that the expected substantial decrease in profit attributable to the owners of the Company is a direct result of a notable drop in the Group's performance for the second half of the Reporting Year, mainly owing to:

- (i) an increase in costs of sales due to higher production costs resulted from the profound effect of the tariff policy implemented by the United States government during the first quarter of the Reporting Year against certain Southeast Asia countries which the Group has production bases in, which in turn adversely affected the Group's supply and production chains between the Group's production bases in the Chinese Mainland and Southeast Asia;
- (ii) a decrease in gross profit margin resulted from the more conservative and cautious approach adopted by brand customers in negotiating the selling prices offered to the Group during the Reporting Year undermined by severe cost pressure arising from the aforesaid tariff policy, shifting consumer demand and fierce competition in the sportswear manufacturing industry; and

(iii) a substantial increase in the purchase costs of raw materials and production costs incurred by the Group's production bases in the Chinese Mainland as a result of the continuous appreciation in the Renminbi during the Reporting Year.

The Company is still in the process of finalising the consolidated annual results of the Group for the Reporting Year ("**2026 Annual Results**"). The information contained in this announcement is only a preliminary assessment by the Board based on the internal management accounts of the Group and currently available information which have not been reviewed or audited by the Company's auditors. The announcement for the 2026 Annual Results will be released on Thursday, 11 June 2026.

**Shareholders and potential investors of the Company are advised to exercise caution when dealing in the shares of the Company.**
