NOTES TO UNAUDITED CONDENSED CONSOLIDATED QUARTERLY FINANCIAL STATEMENTS

I. GENERAL INFORMATION

Zhejiang RuiYuan Intelligent Control Technology Company Limited (the “Company”) is a joint stock limited liability company incorporated in the People’s Republic of China (the “PRC”) and its shares are listed on the GEM of The Stock Exchange of Hong Kong Limited (the “Stock Exchange”).

The principal activities of the Company and its subsidiaries (collectively referred to as the “Group”) are sales of controller systems for electronic equipment and electronic component and subassembly for electronic appliances in the PRC.

2. BASIS OF PREPARATION

The unaudited condensed consolidated results of the Group have been prepared in accordance with Hong Kong Financial Reporting Standards (“HKFRS”) and Hong Kong Accounting Standards (“HKAS”) (collectively “HKFRSs”), accounting principles generally accepted in Hong Kong, the disclosure requirements of the Hong Kong Companies Ordinance and the Rules Governing the Listing of Securities on the GEM of the Stock Exchange (the “GEM Listing Rules”).

The accounting policies adopted in preparing the unaudited condensed consolidated results for the nine months ended 30 September 2019 are consistent with those followed in the preparation of the Group’s annual financial statements for the year ended 31 December 2018, except for the change in accounting policies due to the revised HKFRSs and HKASs, which are described in Note 3.

The condensed consolidated results for the nine months ended 30 September 2019 are unaudited and have been reviewed by the audit committee of the Company.

The Group has not early adopted the new and revised standards and amendments to standards that have been issued but are not yet effective for the nine months ended 30 September 2019.

3. CHANGES IN ACCOUNTING POLICIES AND DISCLOSURES

The accounting policies adopted in the preparation of the condensed consolidated financial statements are consistent with those followed in the preparation of the Group's annual consolidated financial statements for the year ended 31 December 2018, except for the adoption of new standards effective as of 1 January 2019.

HKFRS 16	Leases
HK(IFRIC)-Int 23	Uncertainty over Income Tax Treatments
Annual Improvements 2015–2017 Cycle	Amendments to HKFRS 3, HKFRS 11, HKAS 12 and HKAS 23
Amendments to HKAS 19	Plan Amendment, Curtailment or Settlement
Amendments to HKAS 28	Long-term Interests in Associates and Joint Ventures

Other than as explained below regarding the impact of HKFRS 16 *Leases*, the new and revised standards are not relevant to the preparation of the Group's interim condensed consolidated financial information.

Effect of HKFRS 16, *Leases*

The Group has adopted HKFRS 16 in the current reporting period.

HKFRS 16 introduces a single, on-balance sheet lease accounting model for leases. HKFRS 16 requires a lessee to recognise almost all leases on the statement of financial position which will reflect their "right-of-use" for a period of time and their associated liability for payments. There are recognition exemptions for short-term leases and leases of low-value items.

The Group applies the practical expedient to grandfather the definition of a lease on transition. This means that it will apply HKFRS 16 to contracts that were previously identified as leases under HKAS 17 "Leases", HK(IFRIC)-Int 4 "Determining whether an Arrangement contains a Lease".

The Group has transitioned to HKFRS 16 in accordance with the modified retrospective approach and, therefore, the information presented for 2018 has not been restated. After reviewing the leases, there is no change on the opening balance of retained earnings and equity at the date of initial application of HKFRS 16. No right-of-use assets and lease liabilities were recognised at 1 January 2019.

Depreciation on right-of-use assets and interest of lease liabilities are recognised in the profit or loss under HKFRS 16.

The reconciliation of operating lease commitment to lease liabilities is set out below:

	RMB'000
Operating lease commitment at 31 December 2018	34
Lease of short-term and low-value assets	(34)
Lease liabilities at 1 January 2019	—

4. REVENUE AND OTHER INCOME

The revenue, which is also the Group's turnover, represents the amounts received and receivable for goods sold by the Group to outside customers, net of discounts and sales related taxes, and is set out below:
